The world appears to be globalising economically, technologically and even, to a halting extent, politically. This process of globalisation raises the possibility of an international legal framework, a possibility which has gained pressing relevance in the wake of the recent global economic crisis. But for any international legal framework to exist, normative agreement between countries, with ...

The reasons why this happens are many, ranging from a tragedy that "tears a person's world apart", to the results of an honest inquiry into one's own existence. Such an encounter can make a person mentally unstable, and avoiding such instability by making people aware of their condition and ready to handle it is one of the central themes of ...

Existence precedes essence - Wikipedia

The inquiry is based on the delicate extraction of a series of "values"—a deliberately outdated term—which the Moderns say they hold dear. But without ever being sure what these values mean, and how they can all be endorsed at the same time while respecting their differences and being wary of their tendency to crush other ones.
