This guide will also cover subjects like common errors and how to solve them, keeping your code clean, setting up a proper development environment, etc. Sounds good? Great! Let's get started, then. # Before you begin... Alright, making a bot is cool and all, but there are some prerequisites to it.

Introduction | Discord.js Guide

The term 'manual' or 'guide' both usually refer to a document whose main aim is to provide information or instructions. It is generally expected that guide are shorter, concise and more to the point than manual. A manual is expected to give more in-depth information and instruction than a guide. However, in practicality, the terms are often used interchangeably.
