On the surface, Small Island looks like a book about immigration (specifically, post-WWII Jamaican immigration to the UK), but to me it felt more like a book about the fall of the British Empire. The book begins with a prologue set in the early 20th century, when a young Queenie visits the British Empire Exhibition, showcasing the empire at the height of its glory.

After reading it, I Googled the book and found a wealth of information about the book, the actual island, and the real story of this girl, who was a middle-aged woman by the end of the book. The island and the story of the "Lost Woman of San Nicolas" has actually been extensively studied in colleges, and archaeological expeditions have been conducted, where many artifacts were found. This book ...

The book that I read was, " Island Of The Blue Dolphins" this book was great! It is about a girl named Karana, and she is from an indian tribe, she lives on an island called, " The Island Of The Blue Dolphins". Her father is the chief of the tribe, she has an older sister and younger brother. One day some people came and battled them, and her father dies. After this some more people come to ...

Teachers as independent evaluators of research evidence. One factor that has impeded teachers from being active and effective consumers of educational science has been a lack of orientation and training in how to understand the scientific process and how that process results in the cumulative growth of knowledge that leads to validated educational practice.
