### **DUCTILE IRON PIPE & FITTINGS | BUNKEE INT'L LIMITED**

Ductile iron pipes and fittings have high corrosion resistance, are lined with cement or resins, and usually coated with zinc plus bitumen paint, which solves the problems of corrosion that grey iron pipes or steel pipes can't solve. For ductile iron pipes, standard Portland cement mortar lining according to ISO4179 is the most common in the market and usually meets the projects' requirements.

### **Ductile Iron pipes and fittings from Imco International**

As a result, ductile-iron pipe as well as gray- and ductile-iron fittings used for potable water applications are normally furnished with a cement-mortar lining unless otherwise specified by
