with a clutch or clutch/brake control
system. Foot pedal means the foot
operated lever designed to operate the
mechanical linkage that trips a full
revolution clutch. Full revolution clutch
means a type of clutch that, when

Niagara was purchased by a former Verson employee who then formed CNB / Clearing Niagara Bliss after acquiring the assets of Clearing & Bliss. As shown above (Seyi) CNB management was on an industry disruptive downward spiral and hoped to join in the rewards of Sutherland success with over 700 press lines sold by Sutherland.
